Property description

Saturn Complex is a modern residential development located in one of the most attractive areas of the resort town of Sveti Vlas, just 200 meters from the beach. The project combines contemporary architecture, high-quality materials, and a thoughtfully designed infrastructure, creating a comfortable environment both for relaxation and for year-round living by the sea.

The complex consists of two six-storey buildings – A and B.

Saturn Complex offers various types of apartments, ranging from cozy studios to spacious one- and two-bedroom apartments. Each apartment is designed with attention to detail to ensure maximum comfort, functionality, and aesthetic harmony, and is offered fully finished “turnkey”.

The complex is located within walking distance of all essential amenities – shops, restaurants, and public transport. This makes it an ideal choice for both seasonal holidays and permanent residence.

Construction start: February 2026
Completion date: December 2027

Infrastructure and facilities in the complex:

- Elevator;
- Swimming pool for adults and children;
- Landscaped green and relaxation areas;
- Video surveillance;
- Restricted access for owners only;
- Year-round security.
